

**REMARKS**

Claims 1-4 and 6-39 remain pending in the current Application. Claims 1, 6-12, and 17 have been amended, and claim 5 has been cancelled. Applicants submit that the amendments do not add new matter to the current Application. All the amendments herein have been made in order to clarify the claims and not for prior art reasons. Applicants also submit that (1) no amendment made was related to the statutory requirements of patentability unless expressly stated herein, and (2) no amendment made was for the purpose of narrowing the scope of any claim, unless Applicants have argued herein that such amendment was made to distinguish over a particular reference or combination of references.

Applicants wish to thank the Examiner for pointing out allowed claims 29-39.

The Examiner has also indicated that claim 5 would be allowable if rewritten in independent form; therefore, in order to further prosecution and not for prior art reasons, Applicants have amended claim 1 to include the limitations of claim 5, and have therefore cancelled claim 5. Applicants have also amended each of claims 6-12 and 17 to depend from claim 1 rather than cancelled claim 5. Applicants submit that claim 1, as amended, is allowable over the cited references. Claims 2-4 and 6-28 all depend directly or indirectly from allowable claim 1 and are therefore also allowable for at least those reasons which apply to claim 1.

Although Applicants may disagree with statements made by the Examiner in reference to the claims and the cited references, Applicants are not discussing all these statements in the current Office Action, yet reserve the right to address them at a later time if necessary.

Applicants respectfully solicit allowance of the pending claims. Contact me if there are any issues regarding this communication or the current Application.
